Empire Thanksgiving Shoot.

James Wiggins, the Empire ruster has secured 250 turkeys, ducks, geese, chickens and pigeons for a grand Thanksgiving shoot and has placed the fee down to the lowest rates.

Turkeys, 200 yards, 50c a shot. Geese at the same rate. Chickens at a distance of 50 yards, shotguns being used, with nothing heavier than No. 6 shot, 25 cents a shot. Birds must be knocked prostrate. Parlor rifle shooting, 50 yards, at turkey's head, 25cents per shot.

The sport will be conducted on a square basis and judges will decide differences on the spot.

No one is barred from the contest and a special invitation is extended the Carson and Virginia sharpshooters.

In the evening a grand masquerade ball will be given in Wiggins' hall. Costumes can be secured in the ante-room of the hall and a line of new stables have been put up for visitors who come with horses. Mrs. Kohle, the caterer will spread a Thanksgiving turkey banquet during the dance and is located but a few steps from the pavilion. o5td

The Chicago Fair.

Are you going to the World's Fair? Everybody is going if able. And now everybody is able, because an incorporation has been formed in Chicago, composed of the leading citizens and most responsible men there, and they offer the most enticing inducements at the cheapest possible rates.

They sell a ticket for \$131, that absolutely covers everything, on the installment plan. This certificate entitles the holder to first class transportation to and from Chicago from Carson during the Fair, transportation to and from depot and hotels for self and baggage, six admissions to the Fair with your lunch on the grounds, fourth, first class board and lodging for six days in their own commodious hotels and lastly their competent guides will see that all holders are shown around and miss nothing. Think of the crowded condition of Chicago during the fair and then of the ease and comfort of this method.

Only \$131 for everything and that as follows: \$6 down at time of signing contract, balance in equal monthly installments from time of signing till April 1st, 1893.

It is a good bank company as holders may have their money back at any time, less the first six for expenses, etc. Certificates are transferable and non-forfeitable.

If you are interested get and read one of the small hand circulars. Agent in Carson P. V. MIGHELS,

The way in which subscriptions have come into the APPEAL office during the past few days indicates that a paper telling the truth gives reasonably good satisfaction in this city.

The manner in which our former employe is "posted" on the APPEAL office is something we are sadly reminded of every time we examine our back files and hunt for editorial dashes.

It is stated that the matron of the Pyramid Lake Reservation has tendered her resignation, to take effect January 1st. Dame Rumor has it that the lady is going to house-keeping in partnership with a Reno gentleman.

Found at Last.

The Truckee Republican states that when the Sierra Nevada Wood & Lumber Co. represented by Robert and Marlett found that the Truckee cemetery was on their ground, they decided it to the Masons and Odd Fellows for one dollar and then donated the dollar to the County Fund.

This is quoted to show one corporation on the Coast has a soul.

Authority on Taste.

While the Tribune did not think it in good taste for Mr. Grimmon to drive trotting horses at a race meeting, it takes great pleasure in according him praise for his kindness to and management of the Orphan's Home children.—Tribune.

A LESSON IN POLITENESS.

How the General Passenger Agent Got Around.

It pays to be polite. The Southern Pacific managers have found it out and it is now one of the qualifications all its employees are required to possess, particularly those who have occasion to do business with the public directly. When a few months ago what is known as the "polite order" went out from the headquarters, it did not at once create an army of Chesterfields, but it had its effect. That the order was expected to mean what it said, little incidents generally show. One of these they are telling in local railway circles.

During the visit of the Eastern librarians to this coast, general passenger agent Goodman came to Sacramento with a party to assist in the state's reception of the visitors. The special train bearing the excursionists had not arrived when Mr. Goodman and party went leisurely through the big passenger depot. His eyes spied one of the nickel in-the-slot weighing machines, and he proposed to weigh the ladies. An inspection of his vest pockets revealed the fact that he had no nickels.

There is a barricade or railing just outside and two feet away from the ticket office window, and Goodman stood without that as he reached over dropped a half dollar on the shelf and remarked, "Will you please give me some change; a few nickels?"

The ticket seller was a young man and had the misfortune of not knowing the general passenger agent. And then, he did not like the idea of doing business with anybody at such a long range.

"Get around here where I can get a look at you," he said rather sharply.

Goodman got around all right, but it was next day when an order was received in town suspending the young man from duty for thirty days for impoliteness, and thus was once more illustrated the wisdom of the admonition that "a soft answer turneth away wrath."—Sacramento Bee.

Life of Judge Terry.

The Oakland Times says: There is being printed in Oakland a book entitled "Life of David S. Terry." The author of this is A. E. Wagstaff, formerly editor of the Woodland Mail and a Republican of the Republicans. But Mr. Wagstaff has been making a study of Terry, and, Secretary of State Wait, he has become an admirer of the gruff Southerner. He goes fully into the private life of Terry, and argues that in respect to intellectual strength and physical stamina he was unequaled by any of the Californians of either earlier or later days.

The time will come when real justice will be done this unfortunate murdered man.

THE LODI FRATRICIDE.

Particulars of the Murder of Alfred Welch.

The Austin Advocate gives the following relative to the killing of Alfred Welch, Superintendent and owner of the Lodi Mines, in Nye County, by his brother Manual Welch:

Last Saturday, Alfred said that he was going to Downeyville after his brother Manual, who had arrived at the latter place, and would return that evening, which he did, bringing his brother with him. Sunday morning the two brothers sat at the same table to breakfast and seemed to all appearances to be on amicable terms. The two men arose from the table and went to Alfred's house and were there but a few minutes when Mr. Bodinna—who was standing about 50 yards from the house—saw a man standing in the door, when all of a sudden the man standing in the door, fell on the outside as though he had been struck. Mr. Bodinna did not hear the pistol shot.

About the time he saw the man fall, Elgie, a nephew of the deceased came up where he, Bodinna, was standing and on being told what had occurred, proceeded to the house and found that his uncle Alfred had been shot through the heart by his brother Manuel.

Mr. Bodinna thinks that the pistol must have been very close to the deceased as his clothes were badly burned and that those who heard the shot say that it had a muffled sound and no attention was paid to it. The pistol used was of small calibre.

The cause of the shooting is not known, as the murderer offered no explanation but seemed to be greatly excited and he said he was going to Downeyville to give himself up to the authorities, which he did and was taken to Lome and placed in jail.

A Home Investment Query.

TO THE EDITOR OF THE APPEAL:—Several times I have seen it charged in your paper that the Tribune man was investing what money he made in Carson in California land. Will he say over his own name whether this is so or not?

WM. REEKER,

Eintracht Saloon.

[We are unable to say whether he will or not; but we think we can state with tolerable certainty that his saying so or not saying so over his signature would not have the slightest weight with the public. Therefore, under the circumstances it is ridiculous to call on him to make any public statement of fact in the premises. If he wishes the public to labor under the impression that the money he succeeds in raking in from Carson merchants under the plea of advertising their goods, remains in the city and is not invested outside the State, our candid advice to him is to come out over his signature and make a directly opposite assertion.—ED. APPEAL.]

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely at your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
